

UNIVERGE® SV9100

COMMUNICATIONS SERVER

Smart Communications for Small and Medium Businesses

Effective communications is critical to business success. The UNIVERGE SV9100 allows businesses of any size to access advanced communications features that are usually reserved for large enterprises. Video and audio conferencing, messaging, directory, presence, contact centre and soft phones, all powered by a reliable rack stackable appliance. The UNIVERGE SV9100 provides the communications features Australian businesses demand.

The UNIVERGE SV9100 offers:

- > A seamless mix of IP and traditional phone services.
- > Embedded video and audio conferencing.
- > Enhanced Unified Communications and mobility features.
- > Lower carriage costs with SIP trunks.
- > A rack mountable chassis that can incorporate telephony, networking, server and gateway hardware.
- > The capability to mesh up to 50 systems into a single image communication platform.

The SV9100 will grow as your business grows.

The SV9100 meets all your communications needs.
